More Brewery News:

We are on the verge of hiring a new assistant brewer and they should be starting in early February.

With the recent purchase of 120 kegs we should be able to crank out an additional 20 barrels a month! Once we get boots on the ground to sell this fabulous libation off-site we should be present in many more local bars.

We finally have all our new chiller parts in and our installer selected and we'll begin installation this week!

We're still waiting on our Barrel Aged Winter Warmer from last year to fully condition, but when it's close we'll start taking pre-orders for bottles!

In the interim we'll have our unadulterated Winter Warmer for this winter season hitting the taps in just a few weeks. Its big and malty sweet with quite a hit of warm alcohol.

Albany Pump Station to Participate in Wine and Dine Fest

We will be attending this year's Albany Chef's Food & Wine Festival, Wine & Dine for the Arts on January 15-17, 2015 at the Albany Hilton, located at 40 Lodge Street in Albany.

Chef Todd and the Pump Station crew will be there with the following samples.

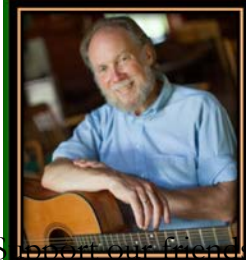

Fried Oyster Shooters, combined with Watermelon Patron and a cilantro oil to deliver a colorful and flavorful dish.

Pulled Pork, incorporating our Kick Ass Brown Ale on top of cheddar jalapeño polenta and topped with our house made apple slaw.
